

How to get to our Clinical Pharmacology Unit in Erfurt

A tram line stops directly opposite the front of terminals A and B; take Line 4, which departs up to six times per hour, to Thüringenhalle; exit at the stop Theater (13-minute journey).

On the square in front of Erfurt main station turn left, where you will find the tram stops. Take Line 4 to Bindersleben / Flughafen and exit at Theater (8-minute journey).

Coming from the south: Follow the motorway A71 up to Erfurter Kreuz, then join the A4 to Dresden. At the junction Erfurt-West exit the motorway and continue to the city centre (Zentrum). From here, continue your journey as described for the other two directions.

Coming from the east or west: On the motorway A4, from either direction, exit at the junction Erfurt-West and continue to the city centre (Zentrum). Follow the road B4 along Arnstädter Chaussee, Martin-Andersen-Nexö-Straße and Arnstädter Straße. At a big crossing with traffic lights at Schillerstraße, continue straight on into Loberstraße, thereby exiting the B4 which bends off. At the next big crossing with traffic lights turn left into Yuri-Gagarin-Ring; after about 400 m at the Karl-Marx-Platz continue straight on into Lutherstraße, then after another 200 m turn right into Regierungsstraße and then again immediately left, crossing Herrmannsplatz, and following Holzheienstraße to Mainzerhofplatz.

Coming from the north: Follow the motorway B4 along Hannoversche Straße and Heinrichstraße up to Benaryplatz; there turn left into Bonifaciusstraße and, after 100 m, again left into Bonemilchstraße; continue straight on for about 300 m, then turn right into Maximilian-Welsch-Straße. After another 300 m you will arrive at the square Theaterplatz.

Our Clinical Ward is situated directly opposite the theatre. There is a multi-storey car park just in front of the theatre or on Domplatz (about 5 minutes to walk).
